VINE Facts

What will VINE do for me?

VINE will tell you if an offender is in jail or a DOC facility and will give you other important custody and court information. VINE will also let you leave a phone number where you want to be called automatically when that offender is released, transferred, or escapes. If you leave a phone number, you will also be notified of court hearing dates and results.

What do I need to do?

1. Call 1-877-UT-4-VINE from a touch-tone phone or visit www.vinelink.com and follow the directions.
2. If the offender **is** in custody, you can leave your phone number to be called when they are released, or when there is a change in their custody status. Enter the phone number where you want to be reached, including area code, followed by the pound (#) key.
3. When VINE asks, make up and enter a four-digit Personal Identification Number (PIN) that will be easy for you to remember. Write it on the back of this brochure or in a safe place. VINE will ask for the PIN when it calls you.
4. When VINE calls, listen to the message, then enter your PIN, followed by the # sign, when asked. Entering the PIN lets VINE know that **you** got the call, and will stop the service from calling you again.

Victim Information & Notification Everyday

- The offender will not know you are registered with VINE.

- If you are not home, VINE will leave a message on an answering machine. If there is no answer, VINE will keep calling back until you enter your PIN or until 24 hours have passed.
- Since VINE calls automatically when an offender's custody status changes you may get a call from VINE in the middle of the night.
- Do not leave a phone number with VINE that rings to a switchboard.
- The Utah Statewide VINE service includes offenders in county jails, Utah Department of Corrections facilities, and adult probation and parole. The VINE service also provides court hearing dates and results.
- Do not depend only on the VINE service, or any other single program, for your protection. Make VINE part of your safety plan.
- You can leave more than one phone number with VINE. Just call the VINE service again.
- If you change your phone number, you must call the VINE line and update your telephone information.
