

UTAH OFFICE FOR
VICTIMS OF CRIME

ANNUAL REPORT

FISCAL YEAR 2024

Message from the Director

As the new Director of the Utah Office for Victims of Crime, I am honored to lead an organization so deeply committed to supporting the prevention of crime and the healing of those affected by crime. Over the past year, our Office has worked tirelessly to fulfill its mission of providing resources and assistance to victims and communities, navigating both challenges and growth with resilience and dedication.

In 2024, our Victim Reparations Program provided services to over 10,000 individuals, offering critical financial relief and support to those in need. Additionally, through our Grants Program, we awarded over \$21 million to organizations across the state, helping victim service providers augment their resources to carry out their vital work.

This year has been one of growth and transition for our team. Despite any challenges, the unwavering commitment of our staff has been a cornerstone of our success. Their dedication and expertise have allowed us to continue serving victims with compassion and professionalism. I am inspired by the strength of this team and look forward to building upon their efforts as we move into the future.

Thank you for your continued trust in our work. Together, we will strive to make a lasting impact in the lives of people and communities across Utah.

Crime Victim Compensation

The UOVC Compensation Program offers a safety net for individuals affected by crime by providing financial assistance to help cover the costs incurred as a result of the crime. This support can include, but is not limited to, medical bills, counseling services, burial and funeral expenses, and lost wages. The program recognizes the impact crime has not only on the direct victims but also on their families, extending eligibility for assistance to family members who may also be facing financial hardships due to the crime. By easing the financial burden, the Compensation Program helps victims and their loved ones focus on recovery and healing during an incredibly difficult time.

UOVC State Grants

Awarded by the Utah Legislature in the 2023 session, UOVC is responsible to provide funding for 1) Sexual Assault Services and 2) Other Victim Services, including but not limited to criminal justice victim advocacy programs, legal services for crime victims, and services that specialize in assisting underserved populations.

★ Victim Services

The purpose for this funding is to ensure that core services for all crime victims are available throughout the state, more specifically in the areas of criminal justice victim advocacy programs, legal services for crime victims, and programs that assist underserved victims of crime.

This funding allows a criminal justice, systems-based advocate to be funded in most counties in the State of Utah.

Total Programs Funded

32 Victim Services Programs
27 Sexual Assault Services Programs

Total Victims Served

5,698 served using Victim Services funding
5,481 served using Sexual Assault funding

★ Sexual Assault Services

The purpose of this funding is to stabilize and enhance sexual assault services across the state of Utah.

Along with funding rape crisis centers across the state, this funding also provides support to two state-recognized coalitions which provide training and technical support.

“We are thankful for UOVC and the great help this funding provides for crime victims in our area. Thank you for all you do to help make that happen!”

UOVC Federal Grants

UOVC is the agency authorized to administer three federal grant programs for the State of Utah. These funds come from the Department of Justice's Office of Victims of Crime and Office of Violence Against Women and are awarded to agencies across the state to provide services to victims of crime.

★ **VOCA - Victims of Crime Act**

VOCA funding provides federal grants to support services for victims of crime. It helps fund programs like counseling, emergency shelters, legal aid, and other assistance to aid recovery and ensure victim rights.

★ **VAWA - Violence Against Women Act**

This grant program provides funding for projects that assist in efforts to reduce violence against women and men, specifically domestic violence, sexual assault, stalking, dating violence, and female genital mutilation. STOP VAWA Grants promote a coordinated, multidisciplinary approach to improving the criminal justice systems' response to violence against women. This approach envisions a partnership among law enforcement, prosecution, the courts, victims advocates, and service providers to ensure victim safety and offender accountability.

★ **SASP - Sexual Assault Services Program**

The purpose of SASP funding is to support the creation, sustainability, and growth of rape crisis centers and other nongovernmental or tribal programs dedicated to assisting individuals impacted by sexual assault, regardless of their age. These funds are specifically intended to provide direct intervention and related support services to ensure survivors receive the care and assistance they need.
