

## Sexual Assault Service Program Application Program Plan

**Organization  
Type:**

- ☐ Rape Crisis Center
- ☐ Sexual Assault Program within a Culturally Specific Organization
- ☐ Tribal Sexual Assault Program
- ☐ Other Community Based Program:

**Is this a Faith-based  
Organization:**

- ☐ Yes
- ☐ No

### Statutory Purpose Areas

Check all purpose areas that will be supported with SASP funds during the grant year.

- ☐ 24-hour hotline services providing crisis intervention services and referral
- ☐ Accompaniment and advocacy through medical, criminal justice, and social support systems, including medical facilities, police, and court proceedings
- ☐ Crisis intervention, short-term individual and group support services, and comprehensive service coordination and supervision to assist sexual assault victims and family or household members
- ☐ Information and referrals to assist the sexual assault victim and family or household members
- ☐ Community-based, culturally specific services and support mechanisms, including outreach activities for underserved communities
- ☐ Development and distribution of materials on issues related to the services described in the 5 purposes above

## Products

Will SASP funds be used to create or significantly update any products during the grant year? Examples of products include brochures, presentations, web-based publications, and similar materials.

☐ Yes

☐ No

If yes, use the space below to describe the products developed:

## Victim Services

### Number of Victims to be Served:

Year 1		Year 2	
--------	--	--------	--

A victim/survivor should be reported as served if they requested and/or accepted grant-funded services and the program was able to provide all of those services.

### Number of Secondary Victims to be Served:

Year 1		Year 2	
--------	--	--------	--

Secondary victims must have received grant-funded services in order to be reported in this question. Secondary victims are those who are indirectly affected by the sexual assault. They may be children, siblings, spouses or intimate partners, parents, grandparents, and other affected relatives.

*Important Information for Future Reporting: SASP reporting requires you to track the number of unduplicated victims served, their demographics, and relationship to their offender. You will also be asked to identify victimization types and the number of victims served who had multiple victimization types.*

## Victim Services

Report the SASP funded services that will be provided to victims. Refer to the companion guide document for service definitions.

The first column “Number of victims to be served” is an unduplicated count of the number of victims who will receive each type of grant-funded service. No individual service category should have a number of victims served greater than the total number of victims served.

The second column “Number of times service will be provided” is a total of the number of times each victim in the first column will receive that service type during the grant year.

Type of Service	Number of victims to be served <b>Year 1</b>	Number of times service will be provided <b>Year 1</b>	Number of victims to be served <b>Year 2</b>	Number of times service will be provided <b>Year 2</b>
